FAMILY CARE
always with you.

More time for what you love. We'll take care of the rest.

A personal service club for older adults: a permanent companion who knows you, trusted tradespeople and one number for everything. You decide, we take care of it.

Why Family Care

- **You decide**
  Service is always with your approval and at your pace. We never act without asking.
- **One phone number for everything**
  A repair, a doctor, shopping or help with your phone. You call, we handle it.
- **Less loneliness, more life**
  Out for coffee, to a show or on a trip, and someone to talk to.
- **A permanent personal companion**
  One person who knows you, warm company and respectful, eye-level care.
- **You stay in your own home**
  Independence and dignity, in the home you know, with someone you can rely on.

How we help

Your household
Shopping, medication, payments and paperwork with the bank and health fund. You rest.

Repairs at home
Plumber, electrician, air conditioning. Checked tradespeople, a fair price, a clean home.

Medical escort
Your companion goes with you to the doctor or tests, and books appointments.

Phone and computer
We fix and explain with patience: phone, TV, internet and apps.

Culture and leisure
A café, a concert, a museum, a day out. You choose, we arrange and go along.

Legal guidance
Power of attorney, wills, rights and assisted living, with the right professionals.

FAMILY CARE
always with you.

How to start

1. **A first call**
   Call or write to us, with no commitment.
2. **A visit at home**
   A representative comes, listens and opens a personal file.
3. **Choosing a plan**
   Only what suits you.
4. **Meeting the companion**
   An introduction and matching meeting.
5. **Planning together**
   We set in the calendar what we do and when.
6. **Enjoying it**
   And you can always change and refine.
